

# Miniature Horse Club of Great Britain

## Height Record Document

- All horses entered for competition in our MHCGB classes at National Spring Shows and Grand Championship Shows must be measured by the Miniature Horse Club of Great Britain.
- Each horse will be required to be presented for measuring at the times advertised within show schedules.
- Measuring will take place at both National Shows and certain Area Shows each year (this will be clearly advertised within individual schedules).
- Weanlings, Yearlings and 2yos will be required to be measured twice during the year, each year.
- Horses which are 3yrs or over will only be required to be measured twice, the results will then be recorded for the life of the horse.
- Horses will be measured to the last mane hair, measurements will be recorded in inches.
- Mature Height will be calculated from an average of the two readings taken as a 3years and over animal.
- **Please note this does not apply to all AMHR, AMHA and ASPC horses** – They will require measuring at both the National Spring Show and Grand Championship Show **every year** under the relevant association’s rules.

Please complete in BLOCK CAPITALS in black ink

Name of Owner

Name of Horse & Microchip Number	Date of Birth (dd/mm/yy)	Weanling		1year old		2year old		3years and over		Mature Height
		1 <sup>st</sup> measure	2 <sup>nd</sup> measure	1 <sup>st</sup> measure	2 <sup>nd</sup> measure	1 <sup>st</sup> measure	2 <sup>nd</sup> measure	1 <sup>st</sup> measure	2 <sup>nd</sup> measure	

***N.B – this document is only valid at MHCGB shows and does not count as a height certificate to be transferred to other societies.***
