

Miniature Horse Club of Great Britain

Height Record Document

- All horses entered for competition in our MHCGB classes at National Spring Shows and Grand Championship Shows must be measured by the Miniature Horse Club of Great Britain.
- Each horse will be required to be presented for measuring at the times advertised within show schedules.
- Measuring will take place at both National Shows and certain Area Shows each year (this will be clearly advertised within individual schedules).
- Weanlings, Yearlings and 2yos will be required to be measured twice during the year, each year (The age of the horse is determined from January 1st preceding its Date of Foaling).
- Horses which are 3yrs or over will only be required to be measured twice, the results will then be recorded for the life of the horse
- Horses will be measured to the last mane hair, measurements will be recorded in inches.
- Mature Height will be calculated from an average of the two readings taken as a 4years and over animal.
- **Please note this does not apply to all AMHR, AMHA and ASPC horses** – They will require measuring at both the National Spring Show and Grand Championship Show **every year** under the relevant association’s rules.

Please complete in BLOCK CAPITALS in black ink

Name of Owner _____

Name of Horse & Microchip Number	Date of Foaling (dd/mm/yy)	Weanling		1year old		2year old		3year old		4years and over		Mature Height
		1 st measure	2 nd measure	1 st measure	2 nd measure	1 st measure	2 nd measure	1 st measure	2 nd measure	1 st measure	2 nd measure	

N.B – this document is only valid at MHCGB shows and does not count as a height certificate to be transferred to other societies.
