

## **Stallion License Application.**

### Guidance notes

1. A Stallion Licence can be applied for from two years of age. The age of a colt or stallion is determined from the 1st January and a colt is regarded as being 1 year old on 1st January next after the year in which it was foaled.
2. Application form must be returned to the Registrar by post or email.
3. A fee of £150.00 per stallion must be sent with each application. This fee is not refundable if a License is refused. The fee includes the cost of DNA & ACAN testing.
4. Before a Licence is issued a Veterinary Surgeon shall examine and measure the stallion to ensure that it is free from disease or hereditary defect and shall submit a report to the Society. The veterinary surgeon will pull and packet sufficient hair for both the DNA and ACAN test. (Two separate tests).
5. The Veterinary fee is the responsibility of and shall be paid by the owner of the stallion to the Veterinary Surgeon.
6. A license may be refused or revoked if the stallion is:- a) Found on examination not to be free from hereditary disease including cataract, defective genital organs, ringbone, sidebone, bone spavin, subluxation of the patella, stringhalt, malocclusion of the teeth, obvious signs of dwarfism. b) Defective or inferior conformation. c) Found to contravene the rules of Registration (or its offspring is found to contravene such rules).
9. If a Stallion Licence is refused or revoked the stallion owner is entitled to require a referee's examination and inspection of the stallion on payment of the appeal fee of £45 payable to the Society. The fee will be returned in part if the appeal is successful. Any appeal must be made within one year - 12 calendar months - of the original examination.
10. Following submission of the veterinary report Stallions will be invited to attend a National show for grading.

Please note that, although the Society will contact the nominated veterinary surgeon to facilitate the procedures, the applicant should make initial enquiries to ascertain the veterinary surgeon's willingness to carry out the examination and organise a mutually convenient appointment date.

The Registrar, New Close Farm, Calf Fallow Lane, Norton, Stockton on Tees. TS20 1PQ
